

Know Before You Go

Our center will be transitioning to  athenahealth on April 23. To prepare for your appointments on April 23 and after, please review the following steps so you know what to expect.

April 16 **Begin Patient Portal Registration**

Beginning Tuesday, April 16, **you will receive an email with a link inviting you to register for the new patient portal.** The portal will house your health records, publish bills and collect your payments, and will be our secure platform to communicate. If you have trouble registering, please reach out to your provider as we may need to verify your email address or date of birth.

Please note: You will still have access to the previous patient portal and could incur bills for services prior to Tuesday April 23, 2024.

Complete Self Check-in

72-hours prior to your appointment, a **Self Check-in link will be delivered to you by email or text**, depending on your selected preference.

Here you will be asked to review your information and complete necessary steps before your upcoming appointment. It is crucial that you complete all steps of Self Check-in prior to your appointment.

Tip: Self check-in can be completed on a desktop (preferred) or mobile device.

Sign Consent Forms

For the best experience, **complete electronic consent forms before your appointment.** During Self Check-in, keep an eye out for the forms listed below:

New to Telehealth?

Virtual appointments will be conducted via Athenahealth's secure telehealth platform.

You will now receive an Athenahealth link to join your session via email or text for all virtual appointments beginning April 23, 2024. You can expect to receive this link the morning of your appointment.

Tip: Even if you typically prefer in-office visits, it is helpful to sign the Telehealth Consent Form in case this need arises in the future.
